Children Injured

Ordinary Carthartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regular tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation except of course when of a surgical character. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Celina only at our store.—The Rexall Store, Riley Drug Co., 102 S. Main Street.

Stories of Success

J. M. STUDEBAKER

From the very first the subject of this booklet, the difference between a clerk and a capitalist. Toward the goal of success this study is a road map. It is a story of the world's great captain of industry, J. M. Studebaker, and on his return invested every penny of his savings in the manufacture of wagons, and today the Studebaker wagon is known wherever wagons are used. He was always saving for investment. He realized that wealth must have new vitality. The small sums he many spend and never remember were saved by Mr. Studebaker and were the foundation of his fortune. Money creates money, and without capital you will be slow to rise. The money accumulated through a savings account in this bank may one day make you a capitalist.

CHEF

Quality Makes The Price

Your grocer sells several grades of canned goods, each priced according to its quality. Some are too cheap to be good, and some too good to be cheap. The price at which they can be sold depends upon the value of the raw material. The cost of canning is about the same.

CHEF Canned Goods are strictly high grade. They are packed where they grow, and only perfect fruit or vegetables are put into CHEF cans—seconds are sold under cheaper brands.

CHEF goods are guaranteed—money back if you are not satisfied.
